# Who do you let in?

Help protect your neighbour!

✓ **Don't let strangers who don't know the code or don't have keys enter the building**

✓ **Close the door**
Make sure that the door closes behind you to keep unauthorised persons out of the building.

✓ **Talk to strangers who want to enter the building or who are in the lobby**
Be curious and ask questions such as "who are you visiting?". That makes it easier to know the person's intentions.

✓ **Don't give out the code to your building**

If something happens:
Call 112 – if a crime is in progress
Call 114 14 – to leave a tip or file a police report
